

TESTIMONIALS

"Excellent seminar. I have had no training or experience in this area and now I have a handle with audio. I feel confident to go back to my church and do a great job of moving our audio program forward. The presenter was open to all questions and encouraged questions and made it feel comfortable in an 'alien' environment." **John Harbinson, Lake Tahoe Community Presbyterian Church**

"Very helpful informative. I love the fact it was hands on. Also making yourself available to answer questions and technical issues after the fact." **Dorothy Revines, River City Calvary Chapel**

"This seminar is truly a Godsend! The knowledge acquired today is definitely worth my time and the reasonable fee. I can't wait to impart my newly acquired knowledge at my church in a live setting. Thank you so much Bruce & Yoli!" **Wil Newbery, El Worship Center**

"Whatever you do, work at it with all your heart, as working for the Lord, not for men,..." Col 3:23 (NIV)
